July 10, 2024

Dear Springs Valley Families,

Springs Valley Community Schools is changing our daily student drop off and pickup procedures beginning the first day of the 2024-25 school year. These changes are in response to traffic issues and increased congestion during morning drop off and afternoon pickup.

In an effort to improve student safety, all before school drop offs and after school pickups for students in grades K-12 will be at the junior high commons entrance off of College Avenue. This is back by the auditorium and the elementary playground.

Buses will now unload and load in front of the school buildings. Traffic during these times will be restricted in areas where students exit and enter the bus.

Students dropped off or picked up

- All K-12 students **who are not riding a bus and who are being dropped off at school in the morning** will now be dropped off at the junior high commons entrance off of College Avenue. This is by the auditorium and the elementary playground area (see attached map). Drop off will be from 7:30 am to 8:10 am. All vehicles must be out of the lot by 8:10.
- Afternoon pickup will also be at this location. All parents will park in a parking spot. Parents of elementary students will enter the side door of the auditorium to pick up their student(s). Parents of junior high-high school students will wait for their student(s) to exit the doors. The gates to the lot will be opened at 2:45pm, except on Wednesdays when we will open gates by 2:15pm.

Students who ride a bus

- Bus drivers will unload students at the front of the buildings. In the morning, buses will enter the elementary lot from College Avenue and line up in front of the buildings.
- In the afternoon, buses will be parked in the upper high school lot next to Larry Bird Blvd. Student will load buses there.
- **Traffic will be restricted** in the front of the buildings each day from 7:30am-8:10am and 2:45pm-3:10pm. On Wednesday early dismissal days, traffic will be restricted in these locations from 2:15pm-2:45pm.

See the included information for more detail on procedures. All of this information, including detailed maps, is posted on our school website, www.svalley.k12.in.us.

Please be patient as we implement these new procedures as there will likely be some bugs to work out.

Sincerely,

Trevor Apple, Superintendent
